Why?

Covid has affected us all

1. Help Hard Hit Charities.

Play to raise up to \$60,000 for a variety of charities.

2. Connect with your Corporate team for some much needed laughs.

Play to engage and laugh with your team - and of course for the bragging rights.

3. Support a small business (that is us!) trying hard to 'pivot'.

JAM is working hard to make a BIG impact for charities and corporations, while also trying to help our small business!

FAQs

Can we enter multiple teams?

Absolutely! as long as you are up for paying the \$1,500 team for for each squad, you can have as many from your company as you want! See how Finance stacks up against Marketing when it comes to trivia knowledge!

Can we challenge another company?

Yes! Please do encourage other corporations in your industry to compete against your team for bragging rights! Or, if you prefer, send us the name of the company and or contact person there to info@jamgroupevents.com and we will take care of the smack talk for you!

Can we practice?

Yes! Consider booking an internal event with us prior to the main event to get your trivia play skills on point!

Can you tell me more about the trivia?

We will be asking some fun and interesting trivia questions to test your general knowledge. Expect some classic categories like Geography, Entertainment, Science and History, as well as perhaps questions about Netflix Binging, Current Events, Politics, Sports and the Kardashians. Who knows?

What do I need to play?

We will use a special trivia app for quick and accurate gameplay. Our professional hosts will guide you through this straight forward process.

Each participant must have access to the internet and at least one device preferably two if possible (ie. phone and computer), in order to be on video call and trivia app.

How does scoring work?

We will track both your individual score and your overall team score. So, you'll know exactly how you and your team stacks up.

Each round, your team will go head to head against one other company. The winning company advances to the next round.

Which charity should we play for?

Many organizations have a partner charity - what a great way to help them out while providing a fun event for your own team to connect, laugh and play together.

If you don't have a charity you regularly support, there are many great causes needing support now more than ever. Reach out to us and we can partner you up with a charity in need.
